Eight hotels throughout Germany serve a special "Winter Blend" with 20 percent discount until spring.

Berlin, December 4, 2020. The days until Christmas come to an end and soon the year 2021 will begin: What plans, ideas and visions do you have? Seminaris Hotels offer the ideal home for you and your projects: with a professional business infrastructure, meeting rooms and WiFi. All hotels are located directly in nature or very close to the countryside: this makes every stay - private or business - an adventure. Seminaris has a special offer for the coming months: If you choose between December 5, 2020 and January 31, 2021 for the travel period until March 31, 2021, you will receive up to 20 percent discount on the room rates - breakfast and WiFi are included! And you always remain flexible: all bookings can be cancelled free of charge until 6 p.m. on the day of arrival.

The year 2020 was exceptional in every aspect: The Corona pandemic has presented us all with completely new challenges, both in our private and professional lives. Office and home have merged and many have become more flexible in terms of time: For example, you can turn on your computer early in the morning or even in the evening. This leaves more room for private life during the day. This new mobility has a name: "Work-Life-Blending" - and it opens up completely new possibilities. With this in mind, the Seminaris Hotels with their special winter offers serve an extremely tasty "Winter Blend" to support you in your plans and to accompany your new start into 2021.
